

POSITIVE BEHAVIOUR SUPPORT (PBS) WORKSHOPS

Hosted by:

Specialist Learning Disability Psychological Services for
Children and Young People with Behaviour that Challenges.

This workshop is aimed at parents, carers and staff who look after children and young people who have learning disabilities and whose behaviour challenges those around them.

The course aims to provide a broad introduction to PBS, the concept of challenging behaviour, the building blocks of the behavioural model, and outlines interventions to create helpful learning environments and reduce behaviours that challenge.
